STAT FROM:

Director of Data Processing

SUBJECT:

ODP Management Conference, 11-12 October 1984

- I. Thank you for accepting our invitation to speak on "Management Processes in the Agency" at the first ODP Management Conference for group chiefs, their deputies, and division chiefs to be held at Belmont Conference Center, 6555 Belmont Woods Road, Elkridge, Maryland. We are pleased that you will be able to join us during the social hour at 1730 on 11 October 1984 and for dinner at 1830. Your presentation is scheduled from 1930 to 2100. This package of information about the conference includes the following: confirmation letter, schedule, list of participants, conference site brochure, and a map.
- 2. The purpose of the conference is to permit ODP managers the opportunity to discuss issues of concern to the office such as management processes in the Agency, recruitment, management development and training, customer relations, and planning for interactive systems. The group chiefs' panel discussion will focus on the future. An unusual feature of the conference will be the session on management and health in which a representative from the Office of Medical Services will discuss the computer printouts of the conference participants' health risk appraisals.
- 3. Please forward a brief biographical description for use in preparation of introductory remarks to Management Development Officer, ODP, 2D00 Headquarters, by 20 September 1984. Any questions concerning conference arrangements or requests for audiovisual support should be directed to her by that date by calling her on extension 4011. Please provide your car license number for entry on the site as well.
